

White House Tour Request

Scheduled tours of the White House are free and available to parties who submit requests through their congressional offices; however, due to increased security at the White House and the limited tour spaces they permit, it is advised that requests be submitted six months in advance. Although Congressman Alexander's office will gladly submit a request at any point, please note that requests submitted one month in advance are routinely denied by the White House, as the available spaces are usually filled at that point.

Please complete and FAX this form to (202) 225-5639, and a member Congressman Alexander's staff will contact you shortly. As you will note, the White House requires the Social Security number, date of birth and citizenship status of each guest for security purposes. If you do not feel comfortable submitting this information over the internet, please contact our office directly, 202-225-8490, and we will be glad to assist you.
